Our Vision

*Inspired* by the spirit of *Mary MacKillop,*

*Guided* by the life of *Jesus Christ,*

St Mary of the Cross MacKillop Catholic Parish Primary School is a place of *optimism,* *excitement,* *excellence* and *challenge;*

Where every student, teacher, parent and community member is *accepted* and *invited to make a contribution;*

Where we seek to *fire the imagination* and *promote a lifelong thirst* for God and learning.

‘There where you are, you will find God.’

St Mary MacKillop (1871).

Mary MacKillop passionately believed that a good teacher could make a world of difference to a student’s life, and so do we. Join us from the very beginning to grow a community that believes in the value of education through an encouraging and nurturing environment.

Personalised learning for every student
With a contemporary approach to learning and teaching, we understand that each student is unique. By acknowledging that every child has differing needs and perspectives, we can nurture, respect and build on existing knowledge and skills with greater ease.

At St Mary of the Cross MacKillop Catholic Parish Primary School, we want to promote independence and self-motivation; we want to provide challenges that can be overcome with support, optimism and deep thinking... Just as importantly, we’re aiming to encourage learning that goes beyond the classroom and into the broader community. Creating a solid foundation for life!

Take advantage of our new facilities
Our brand new school is purpose built to ensure that every student feels comfortable. With areas that encourage interaction, communication and collaboration, everything has been designed to ensure that your child has the best opportunity to learn!

But it’s not just our new facilities, state of the art resources, or sustainable design that makes us the most desirable of schools (although they are an added bonus), at our core, we also believe in the importance of learning within a community that unites people with common values.

A Catholic Community
Our wonderful new neighborhood school is a part of the mission of the Catholic Church. We take inspiration from the life of Mary MacKillop, who not only understood the value of education, but also of perseverance in the face of adversity and fairness for all.

The path you choose for your child’s education is an important one. At St Mary of the Cross MacKillop Catholic Parish Primary School we truly value the faith you place in those entrusted to deliver it, so contact us about enrolment today.
